

DOCK BOXES

BUILT FOR MARINA LIFE

STRONG • DURABLE • IMPACT & UV RESISTANT • EASY TO INSTALL

CONSTRUCTION

- Attractive design
- Extra heavy-duty construction, more durable than fiberglass
- Rotationally molded with impact-resistant low density polyethylene resin
- Lockable reinforced cover
- Nylon hinges with stainless steel hardware
- Cover restrained with stainless steel cables (gas shocks available)
- Available in white, white granite and custom colors

DURABLE

- Hammer impact tested
- Allows for seating on the lid
- Long-term ultraviolet inhibitors protect against sunrays
- Keeps storage items dry and protected
- Won't crack, chalk, fade or yellow

LOW MAINTENANCE

- Easy to assemble and install
- Smooth exterior repels dirt without waxing
- Fully recyclable
- Wipes clean
- Last for years
