

# WATER/HOLDING TANKS

## BUILT FOR BOATS, RVs & FOOD TRUCKS

EXTENSIVE SIZE RANGE • REGULATION COMPLIANT • DURABLE • LEAK PROOF

Trionic Corp. offers an extensive line of Marine Water/Holding Tanks to meet size, shape, and durability requirements.

### COMPLIANCE

Each tank fully complies with FDA regulation CFR 177.1520 and meets US Coast Guard regulations

### CONSTRUCTION

- Trionic's extensive selection of water/holding tanks have a 4-150 gallon capacity range
- All tanks are rotationally molded of a seamless one-piece, non-corrosive linear low density polyethylene.
- Each water/holding tank has (2) 1-1/2" FPT and (2) 1/2" FPT openings
- The openings on all tanks are female National Pipe Threads (NPT) and are located on one end of the tank
- All tanks are 3/8" average wall thickness
- Custom mold and fitting locations are available
